# Prologue

"As the coming darkness rises the 6 petals of the star will unite to bring light and balance to the clans."
"Well. How are we supposed to decifer this?" Asks Clearstar with his new lives. "Serve your clan as long and prosperous as I did Clearstar." Says Lightningstar. "I will." Says Clearstar.

# Chapter One

"Stormpaw Lionpaw Palepaw Spikepaw!" Yowls the clan in ecstasy. Stormpaw looks around his clan. Storpaw thinks to himself, "I want to control it all!" Hollowfire walks up to Stormpaw and interrupts his thoughts. "Ready to do battle training?" Asks Hollowfire. "Of course Hollowfire. What am I to learn first?" Asks Stormpaw. "How to show no fear in battle. "That's dumb Hollowfire." Says Stormpaw. Hollowfire charged at Stormpaw teeth bared and Stormpaw flinched. "See? You show fear even though you called it dumb. Every cat will flinch at an unexpected move especially one that involves going for the throat. Especially a new apprentice." Says Hollowfire. "You have unfocused ambition. I can help you focus it." Says Hollowfire. Stormpaw thinks about it and agrees. "Yes Hollowfire." Says Stormpaw. "Good. I will see you tonight." Says Hollowfire.

# Chapter 2

"Welcome Stormpaw. Meet your new clanmates Sparkheart, Slugfire, Redpaw, Opalglade and Gladetail." Says Hollowfire. "I made a mistake coming here. I'm sorry but I won't listen to you!" Says Stormpaw. "It's too late to turn back. You're precious ***family*** wouldn't survive it." Says Hollowfire. Stormpaw listens to Hollowfire sees a pair of eyes in the shadows and slowly loses his sanity. "Yes Hollowfire. I'm sorry master..." Says Stormpaw. (A/N Mind control is a thing in this universe. I understand it doesn't actually exist but its an alternate dimension.) "What must I do Hollowfire?" Asks Stormpaw. "Kill Lionpaw." Says Hollowfire. Stormpaw struggles to disobey but just gives in to it. Lionpaw wakes up and asks "Where am I? Stormpaw? Why are you here?" "Hello brother. It seems you might have had a disagreement with me if you know what I mean." Says Stormpaw. "Is this about the time I got you in trouble for foxes being on the border? I'm sorry!" Says Lionpaw. "Sorry isn't going to cut it this time brother. I may have to take these matters... more drastic if you know what I mean." Says Stormpaw unsheathing his claws. "Errgh how am I tied up! Stupid vines." Says Lionpaw. "It's perfect for me. Gives me time to torcher you." Says Stormpaw slowly tightening the vines around Lionpaw. "Pl-Please Stormpaw let me go! I'll do anything!" Says Lionpaw starting to cry. Stormpaw's sense of reality starts to kick in and he snaps out of it. "Lionpaw! How did you get in the vines?" Says Stormpaw.

Stormpaw rushes to cut his brother out of the vines and his sister shoves him out of the way. "Palepaw! Your the eyes I saw in the shadows of the dark forest. I'm out of the control of it and I'll never go back!" Yowls Stormpaw. "Well. Looks like little stormkit finally hopped out of the nursery. It's a shame leaving the nursery before you're an apprentice is a dangerous thing Stormkit." Says Palepaw knocking him near the cliff. Lionpaw then shoves Palepaw directly off the cliff and she falls right onto the rocks getting knocked out. She slips off the rocks and falls into the water

slipping down the depths. "We tell Clearstar that she was chasing a fox off the territory and that another fox knocked her off the edge and that it fell with her. The clan will grieve and then we tell no one about what really happened. Understand Stormpaw?" Says Lionpaw. "I-I guess." Said Stormpaw.

# Chapter 3

"Lionpaw and Stormpaw. Where is Palepaw?" Asks Clearstar worried. "She said she was going to find you because you have evening patrol." Says Clearstar. "We were attacked by foxes. She chased some off Lionpaw before they could deathbite him. Unfortunately she was sent flying off the edge with the foxes by a third fox." Says Stormpaw. "Ok. We'll grieve for her tonight." Says Clearstar. "Hey Lionpaw and Stormpaw. Tell me what happened in my den." Says Flamedapple leading them to her den. "I want the truth. Nothing more nothing less." Says Flamedapple. "So... I was going to kill Lionpaw. I was under the control of the dark forest and they're rising to power. I snapped out of the control of them and started to cut Lionpaw free. She then proceeded to charge into me trying to send me over the cliff. She would've if Lionpaw hadn't broken free and sent her flying off the edge." Says Stormpaw. "I'm glad he managed to not get sent over the cliff. If he hadn't both of us would've died." Says Lionpaw. "I can't believe she would follow the Dark Forest... Who's there?" Asks Flamedapple. "H-hollowfire Flamedapple." Says Stormpaw scared Hollowfire would find out. "I can't believe it. My brother in the Dark Forest." Says Flamedapple. "That will be all Stormpaw and Lionpaw. Go join your patrol." Said Flamedapple heading back to doing what she was doing before.

"Stormpaw. We have to go now. The patrol is leaving." Says Lionpaw. "Ok. What do you think we'll find out today?" Says Stormpaw. "Keep your mouth shut and follow me both of you." Says hollowfire clearly angry at them. He leads them to a abandoned fox nest. "I know what you did to my apprentice. And I'm angry with you Stormpaw. You shouldn't have taken down your fellow apprentice." Said Hollowfire angrily. Lionpaw charged at Hollowfire sending him flying into the fox's nest. The roof started to collapse and fell straight onto Hollowfire killing him instantly. "I-I-I didn't mean to kill him! He just flew into the roof!" Said Lionpaw starting to go into shock.  Stormpaw calls for his patrol. He runs to get some thyme berries and forces Lionpaw to chew and then swallow. The patrol came and saw Lionpaw with his eyes closed and his

breathing shallow. "What happened to my apprentice!" Says Twilightapple. "He went into shock after he killed Hollowfire because she was going to kill both of us. Our life was threatened and we had no choice." Says Stormpaw. "I hate the bloodshed I've caused. I would like to become a Medicine Cat Apprentice." Says Stormpaw. "Are you sure that is what you would like Stormpaw?" Asks Clearstar. "I'm sure." Says Stormpaw.

# Chapter 4

"Stormpaw. Are you ready to give up the training of becoming a warrior to become a Medicine Cat?" Asks Clearstar. "I am. I am tired of the bloodshed being spilled and I plan on doing my best to heal the bloodshed, and help my brother heal." Says Stormpaw. "Flamedapple. Are you ready to begin training your first apprentice." Says Clearstar. "I am ready Clearstar. I am ready to take on this energetic cat to  be my apprentice." Says Flamedapple. (A/N I know it sounds like a marriage and I didn't intend it to xD sorry it's the best way I could've put it.)

"Now tell me. Why did you become my apprentice Stormpaw." Asks Flamedapple. "I want to protect my family from Hollowfire and Palepaw. They are going to be a major threat. I need to heal." Says Stormpaw. "Good reason. Your sister- wasn't exactly the kindest to me. I was the one thing that protected Hollowfire from the control of the dark forest. Then when she stopped being close to me it became clear her intentions. I knew I wouldn't be able to stop her. I wish I had attempted but now she's dead and there's no chance of bringing her back." Said Flamedapple. "I can understand your pain of the betrayal. Palepaw is gone because she went where I did. The Dark Forest. I left because I understood the betrayal I was about to commit. Unfortunately it was different for my sister. She never understood she was betraying her clan by believing the Dark Forest was right. Hollowfire taught her betrayal and evil. Lionpaw and I stopped her before she could commit betrayal." Says Stormpaw as he checks on Lionpaw. "He isn't breathing Flamedapple. He's gone..." Says Stormpaw tearing up. Spikepaw comes in and checks on Lionpaw and finds out what happened. "He's gone isn't he. This is all Hollowfire's fault!" Says Spikepaw angrily. "There's no point in getting angry at a dead cat Spikepaw. We need to have Clearstar make him a warrior." Says Flamedapple carrying Lionpaw out to the clearing. Clearstar hops on high ledge and calls a gathering. "I am here to make a warrior!" Yowls Clearstar. "We are here to honor Lionpaw's bravery, courage and strength! Twilightapple is your

apprentice ready to become a warrior on his trip to Starclan?" Asks Clearstar. "H-he is Clearstar. I want Stormpaw to name his brother." Says Twilightapple. "I-I guess name him Lionclaw. I wish him luck in starclan." Says Stormpaw. Spikepaw comes over and leans against his brother supporting him silently.  "Flamedapple! My kit's are coming!" Shouts Heatherblaze. "Stormpaw! Wet moss and a stick! Quickly!" Shouts Flamedapple. Stormpaw runs off to collect the wet moss and a stick.

"Hello Stormpaw." Says Hollowfire. "I was waiting for you to come out of the camp. It's so good to see you again. I can't wait to rip you limb from limb." Says Hollowfire angrily. "How are you alive!" Says Stormpaw in fear. "It's good that you asked! I decided to start my own clan after I faked my death. I bet you're wondering how I survived. I made the cave in happen. It's good to see you with out Lionpaw. Poor thing had no chance of survival after you collected what you thought was Thyme. It was deathberries! Now your alone and I can torture you all I want. My new name is Hollowstar after I went to the moonstone." Says Hollowstar laughing. "Not so fast Hollowstar!" Says Clearstar. Then Clearstar, Ashpool and Adderfang come into the clearing. "You aren't going to hurt Stormpaw that easily!" Says Ashpool. "I brought some allies as well. Meet Paleflame, Brokenheart and Herringblaze." Says Hollowstar. "Attack! Stormpaw! Go get reinforcements now!" Shouts Clearstar.

Meanwhile back at the camp...

# Chapter 5

"Spikepaw!" Shouts Stormpaw. Stormpaw runs over to his brother who is suffering from a gash in his side. "Stormpaw. They killed everyone... All that survived were Heatherblaze and the kits but they took them..." Coughs Spikepaw. "I'll get help I promise!" Stormpaw says tearing up. "No use. I will miss you but I don't think you'll see me for a long time" Spikepaw coughs and takes his final breath. Then, Adderclaw and Ashpool come back panting. "What happened Stormpaw?" Asks Ashpool. "They killed everyone. Only Heatherblaze survived but her kits and her were taken. We need to leave before they come back. Where's Clearstar?" Asks Stormpaw. "He died in the battle. Hollowfire's reinforcements showed up and they killed Clearstar." Says Ashpool. "We have to go rogue and lose our clan scent. It's the only way we can survive." Says Stormpaw. "Alright Storm." Says Ashpool. "Let's go Storm and Adder. Call me Ash." Says Ash.

A couple of mooons have passed since they left their clan territory and they're in their new  territory. "Storm. Time to go hunt. Are you ready for your assessment?" Asks Ash. "I guess. I just wish my family had been here to watch it." Said Storm. "We'll take back the clan territory when we have enough people. Right now we have no one to be able to take back the cliffs." Said Ash. "I hate how Palepaw turned out to be alive." Says Storm. "We don't speak of their clan." Said Ash. Adder walks over and whispers to Ash something. "Well Storm. Adder is expecting kits. My kits so soon we will have little ones." Says Ash. "Finally we're rebuilding the clan." Says Storm sighing. "Not exactly. We still need you to find a mate but you will be able to." Says Adder. "How soon will they come?" Asks Storm. "Any day now." Says Adder. "They're coming!" Says Adder. "Alright breathe, Ash go find her a stick! Any stick!" Says Storm. Ash returns with a stick. "Alright bite down on this when ever you feel one coming and push." Says Storm as she pushes one out. She then splits in half as she pushes a second one out. "Lick

them in the wrong way to get them warm Ash. "One more Adder and then you're done." Says Storm. She then pushes the third one out. "Two toms and a she-kit Adder." Says Storm. Storm pushes the little ones up to their mother and they start feeding. "Do you want to name one Storm?" Asks Adder. "Lion." Says Storm. Adder names one Cloud and Ash names one Sun. "Welcome to the group little ones." Says Storm. "Well I'm going to go hunt some food." Says Storm. "Alright I'll stay back on guard." Says Ash. Storm quietly walks into the woods and runs into a she-cat. "Who are you. What are you doing on my territory!" Says Storm. "Well hello. I haven't seen you around before." The She-cat says. "Why are you reversing my questions. Answer me!" Says Storm. "I'm Plum." Says Plum. "Well nice to meet you Plum." Says Storm. "Answer me who you are." Says Plum. "I'm Storm. Where are you from." Says Storm. "This forest actually. I've been living here for a while ever since the clan got disbanded." Says Plum. "Wait which clan where you from?" Asks Storm. "Cliffclan? My mother was taken and then killed by the clan against Cliffclan." Says Plum. "Was your mother Heatherblaze?" Storm asks. "Yes why?" Asks Plum. "I tried saving you kits but I had to evacuate the two survivors." Storm says. "Follow me I can take you to the survivors!" Says Storm. "Alright Storm*star*" Says Plum laughing.

"Ash and Adder I found one of Heatherblaze's surviving kits!" Says Storm. "Plumkit? Is that really Plumkit?" Asks Ash. "Yes..." Says Plum pausing and then continuing. "I was her only kit. Heatherblaze was killed by Hollowstar after I was old enough to eat meat. I then left Hollowclan and ran far far away." "I can't believe it! It really is her. We missed you Plum." Says Adder. "Want to go hunt with Storm and fill him in about what happened?" Asks Ash. Plum and Storm leave on patrol. "How old are you Plum?" Asks Storm. "About 12 Moons Storm and how old are you." Says Plum. "I'm 18 moons." Says Storm. "So you were 6 moons when I was born?" Asks Plum. "I was going to get a stick and wet moss for your mother." Says Storm. "Quickly up the tree!" Hisses Plum quietly. As they run up a tree Storm sees someone he hasn't seen in moons...

(A/N Another cliff hanger! Enjoy the long chapter!)

# Chapter 6

"Hollowstar" Hisses Plum quietly. "What do we do! We're sitting ducks until she leaves." Says Storm. "We leave using the trees. Jump from tree to tree and be safe Storm." Says Plum as she jumps to another branch trying to be quiet. Storm climbs to the highest branch quietly and follows Plum making sure to be quiet. Plum stumbles and Storm jumps to her branch grabbing her scruff stopping her from falling. "Be careful Plum. Don't fall." Says Storm quietly. "Last branch!" Says Storm quietly to Plum seeing that Hollowstar left. They slowly climb down the tree. Storm sticks his nose into Plum's fur and sighs. They start to hunt and find a rabbit. "I'll go up the trees and you chase it somewhere I can jump on it." Says Plum to Storm. Storm starts to chase it into an area safe for Plum to jump it. She jumps on its spine killing it. "Good chasing Storm!" Plum laughs. "Well you made the final kill!" Says Storm. They intertwine their tails bringing it back to the nest. (A/N I have no idea why I did that but I guess Plum and Storm have a bond.) "Storm and Plum! Your back with rabbit?" Asks Ash. "Yes we are Ash. Here you go." Says Storm. "Plum time to go out for hunting again. I need to stretch my legs so Storm stay here with Adder." Says Ash. "Alright Ash. Be careful Plum!" Says Storm.

Ash and Plum leave the camp to go hunt. "I can tell you like Plum Storm." Says Adder. "What! No I don't." Says Storm twitching his tail in guilt. "Don't bother lying to me Storm. I saw you intertwine tails and I know that when young cats do that they like each other. This is my last litter ever and I think all of us know that. I'm rather old to have kits and we're surprised I'm still able to." Says Adder. "It's up to young cats like you to have kits. When the 2nd generation of the clan is full grown a 3rd generation will come and Ash and I will be elders." Says Adder. "Well I hope we have new cats in the clan otherwise there's going to be a bit of incest." Says Storm. "Your a full grown cat Storm. You need to know who you like otherwise another cat will come along and become Plum's mate." Says Adder. "Fine. I'll see if she would like to be my mate." Says Storm. Plum and Ash come back with 2 rabbits and a plump squirrel. "Hunting

went well I assume Ash and Plum?" Asks Storm. "Yes it did Storm. I caught a Rabbit for us to share." Plum says. Plum and Storm sit down in the camp away from Ash and Adder. "Did you want to become my mate Plum? I feel like-" Storm says being cut off by Plum. "Yes I would. I care about you and I do want to be mates with you. But we can not have secrets ok Storm." Says Plum. They take a couple of bites from the fresh kill and start to sleep.

In the middle of the night Starclan come to Storm. "Stormpaw. We know what you caused Paleflame to do, and we know you miss your littermates but you have to accept what you did." Says Clearstar and his clanmates from his generation. "I don't want to! I didn't mean to do what I did and I'm sorry! I shouldn't have listened to Hollowfire! I just followed her instructions!" Says Storm starting to cry. "Go to the Moonpool. We will give you 9 lives Stormpaw." Says Clearstar. "Ashpool is too old to recieve 9 lives." Continues Clearstar. "How old is Ash?" Asks Storm. "50 moons. He won't be able to recieve 9 lives since his time is nearing an end until he joins us. He will live to see his kits turn 20 moons and then Adderclaw and Ashpool will join us do to old age. You have to lead your clan and unite." Says Clearstar. "As the coming darkness rises the 6 petals of the star will unite to bring light and balance to the clans." Says Clearstar ominously before continuing. "UNITE THE PETALS OF THE STAR OR DIE! LIKE WE DID BEFORE!" Shouts Clearstar.

# Chapter 7

Storm walks along the trail to the moonpool with Ash. "Ash. Starclan spoke to me to come and meet with them." Says Storm leaving out the part about him dying in 20 moons. "I bet they want me to recieve my nine lives!" Says Ash excited. "I don't think that's the case Ash. They did want to see me and not see you. I decided to bring you along to see our leader again." Says Storm. "I don't care! At least I get to see Clearstar again! Maybe even Cliffstar." Says Ash. They arrive at the moonpool. "Ready to see Starclan Storm?" Asks Ash. "As ready as I can be I guess." Says Storm touching his nose to the ice cold water with Ash.

"Hello Stormpaw." Says a mysterious cat. "Who are you?" Asks Storm. "I am Cliffstar." Says Cliffstar. "It's a pleasure to finally meet the apprentice who will become leader." Says Cliffstar. "Hello Stormpaw. I'm so glad to see you again." Says a golden colored tom with the same tuft of fur as Lionclaw. "Lionclaw!" Says Stormpaw happily. "I am here to give you your first life. I give you a life for undying loyalty. May you use it with the best intentions for your clan." Says Lionclaw before stepping back. "Hello Storm. I hope your life as a rogue is going well. I'm here to give you a life for mercy. May you use it to give mercy to those who normally you would never give mercy to. You never knew me because I died the day you were born. I am your mother Goldenflame." Says Goldenflame before stepping back. Spikepaw steps forward. "Hello Storm! I'm proud I was able to give you a life. I give you a life for wisdom. I may not be above 7 moons but I still was given wisdom when I died. Goldenflame led me here. We'll be waiting for you Storm." Says Spikepaw. Clearstar steps forward. "I know you're waiting for your father to appear. Well here I am. I never told you that I was your father because Hollowstar would've targeted you. I had to stay out of your life or else you would have been killed." Says Clearstar taking a breath and then continuing. "I give you a life for never ending energy. May you use this to serve your clan for all of your lives." Says Clearstar. "Hello Storm. I'm here to give you your remaining 5 lives. I plan on making this short and simple. I

give you lives for the love of a mother, strength of lionclan, courage of a million cats, knowledge beyond your age, and the strength to beat Hollowstar. I PRONOUNCE YOU STORMSTAR!" Says Cliffstar. Then starclan vanishes and is replaced by a ocean of dead cats. "Unite the petals of the Star storm. It's the only way you will survive the onslaught that is coming. They will all be created from rain and fire." Says Cliffstar. "Created by Rain And Fire the 6 petal's of the star will unite to destroy the gaping hole left by the fall of the earth." Says Cliffstar.

Stormstar wakes up feeling the feel of the ocean of dead cats. "Ash!" Says Stormstar. Ash wakes up looking frustrated. "What Storm!" Says Ash frustratedly. "I'm Stormstar." Says Stormstar. "Good for you. Now what happened." Says Ash. "I got a prophecy. It said Created by Rain and Fire the 6 petal's of the star will unite to destroy the gaping hole left by the fall of the earth." Says Stormstar. "How do you even know where to start Stormstar? That is way to complicated to understand.... Hang on! Created by Rain and Fire... Gaping hole and Fall of the earth..." Says Ash thinking. "Created by Rain... You were born in a storm... That's where the Rain part comes from... I was born in a fire..." Says Ash. "A gaping hole tends to be hollow right?" Asks Ash. "Yes..." Says Stormstar. "Wait! It's our kin!" Says Ash. "My kits and then you and Plum's kits when you have some..." Says Ash. "Those are the petals of the star!" Says Ash. "Cliffclan fell..." Says Ash.

Ash and Stormstar return to the camp. "Plum!" Says Stormstar happily. "Good. Well done Plum." Says Hollowstar. "You lead me right to him. Thanks but I won't need your services anymore." Says Hollowstar laughing darkly. Hollowstar leaps towards Plum and Ash dives in front of her taking the stomach blow. "Your an mouse-brain. But I honor your courage to face death Ashpool." Says Hollowstar. "Hollowstar. Face a leader or else face death!" Says Stormstar. "Little Stormpaw's the leader of the runt's? This'll be easy!" Says Hollowstar laughing. "You think that but wait until you fight me!" Shouts Stormstar. Stormstar charges at Hollowstar sending her to hit a rock. Hollowstar gets up laughing at him. "Think that's strong enough to hurt me Stormpaw? Your just like your brother. Your weak alone!" Says Hollowstar. Stormstar yowls in anger charging at Hollowstar and Stormstar runs into a boulder.

"Rrrrgh" Says Stormstar in pain. Paleflame walks out  from the forest. "Paleflame!" Says Hollowfire. "I'm tired of listening to you Hollowstar. Can I help you Stormstar?" Says Paleflame. "Please." Says Stormstar. "If this truly does redeem me from The Dark Forest, then I'm glad I sacrificed myself for you all." Says Paleflame before grabbing Hollowstar and sending them flying off a cliff. Paleflame slashes Hollowstars neck to her belly killing her nine times. "Goodbye Stormstar!" Shouts Paleflame. "I WILL RETURN!" Shouts Hollowstar in a promise.

(A/N This book isn't over. I understand it would be the perfect place to end it off here but I want to have enough to go off of for a series. And also I'm publishing this a day early because I have things to do tomorrow so see ya guys!)

# Thank You Guys!

I can't believe this story reached 100 reads a week after I picked up the progression again! I had to stop the works of chapter 8 because I had to do a thank you note! I was thinking about the name for the series Warriors: Hollow Lies! How does the title sound everyone? Let me know in the comments.

# Chapter 8

"Plum. Do you promise to protect your clan at even the cost of death and to keep all the cats not able to protect themselves safe?" Asks Stormstar. "I do." Says Plum with no hesitation. "Than I give you your warrior name! I name you Plumstrike for your courage and quick wit." Says Stormstar. Stormstar leaps down from his high spot and walks up to Plumstrike. "We should try to rebuild the clan." Says Stormstar. Adder walks up to Stormstar. "May I retake my warrior name and give my kit's proper clan names Stormstar?" Asks Adder. "Of course. Adderclaw go ahead." Says Stormstar. "Lion, Cloud, and Sun! Come here!" Says Adder loudly. Cloud Sun and Lion come running and leap on to Stormstar. "Storm! Your back. Did you bring us anything?" Asks Lion and Cloud. Sun stays back and says hello to Stormstar. "I want you three to take up a warriors name! Lionkit, Sunkit and Cloudkit." Says Stormstar. "Oooh I like this name!" Says Lionkit. "Plum and I have to do something but stay here and protect your mama! You'll keep her safe for us right kits?" Asks Stormstar. "Of course Storm! We won't let you down says the kits in unison.

Plumstrike sighs and says. "They must be a handful. I sure would like to have kits, but not until we rebuild the clan." Says Plumstrike. Stormstar and Plumstrike head into Twolegplace. "What do you think your doin' in my town." Says a ruffled skinny tom. "We're looking for cat's to join a clan. We live in the forest peacefully and we hope to find some cat's who are willing to join our clan." Says Stormstar. "Francesco! We got some visitors!" Says the cat. "Well who would you two be. He's Jacob." Says Francesco calmly. "Do you want to join a clan? We have food and shelter for those who want to. We're holding a meeting for those who would be interested." Says Stormstar. "I'm Stormstar, and my friend over here is Plumstrike. We need to find other cat's to join our clan." Says Stormstar. "Interesting. I'll be there Stormstar, and I'll bring mouse brain over there." Says Francesco nodding at Jacob. Stormstar and Plumstrike head deeper into twolegplace. A she-kit jumps them and asks "Who are you! Why are you in my territory!" Says the She-cat

but taking a look at Plum realizes. "Plum!" Says the she-cat. "Who are you?" Asks Plumstrike curiously. "Your sister! Orange!" Says Orange. "Wait. ORANGE?" Says Plum excitedly. "I can't believe your alive! And with a handsome tom may I say Plum." Says Orange. Plumstrike's ears get hot. "So this is Orangekit? How did she survive on her own for so long?" Asks Stormstar.

"Hollowstar almost killed me so  I ran. I've been being taken care of by nice elderly Housefolk." Says Orange. "Wait? Housefolk? Don't you mean Twolegs?" Asks Stormstar. "Oh. Right, Twolegs. I'll come to your meeting. Sounds like fun, see you both there." Says Orange. They round up a few more cats and head back to their camp. "I sure hope no one was lying." Says Stormstar sighing. "I'm sure they weren't Stormstar." Says Plumstrike nuzzling him. Francesco, Jacob and Orange all show up together. "Francesco! I'm surprised your here. It's good to see you." Says Stormstar. "Nice camp you have." Says Jacob nodding at it. Cloudkit, Sunkit and Lionkit all come running out of the nursery. "Who are these precious ones!" Says Orange. Adder walks out saying, "They're mine. Sorry about them I'll get them out of the way." Says Adder pausing for a moment then continuing, "Their father was killed because of Hollowstar. Luckily they're quite excited about hopefully new members. "Well Jacob and I will join." Says Francesco. "Are you sure? It's a lot different than living with Twolegs." Says Stormstar. "We don't live with twolegs. We'll be fine joining." Says Francesco. "Well I name you Thicketpaw. May you honor your new name and live up to be the best warrior you can." Says Stormstar. "I'l join I guess." Says Jacob. "I name you Grousepaw. May you train under the name of starclan and serve your clan until you die." Says Stormstar. "I'll join because my sister joined." Says Orange. "I name you Orangepaw. May you serve your clan until you die." Says Stormstar.

5 moons pass and Plumstrike and Stormstar have kits. "3 She-Kits and a tom! You did so well Plumstrike." Says Grouseleaf. "I say Spikekit for the little tom who looks like me with a tuft of fur sticking up on his head." Says Stormstar. "What about Figkit for the one with a little fig looking marking, Coarsekit for the little one with coarse fur, and for the orange with white and black splotches Splotchkit? Asks Plumstrike. "Those are beautiful names Plumstrike. I can't wait to see what their eye color is." Says Stormstar. "You

have to name your new deputy." Says Plumstrike. "I gather everyone here to name my deputy. Thicketheart come forward. You have proved yourself worthy and gained everyone's trust and belief. I name you the new deputy of Cliffclan!" Says Stormstar.

# Chapter 9

**A/N I want to say that unfortunately this will be the last and saddest chapter. Enjoy everyone.**

"Stormstar. I will accept this gladly, and I will do my best to be the best deputy I can be. I promise I won't let you down." Says Thicketheart.

3 moons after Thicketheart became deputy. All the kits are playing a hunt the mice game. "Coarsekit! Be the mouse this time! You've been the hunter every time and it's your turn to be the mouse!" Says the kits. "Ok!" Says Coarsekit agreeing with them. Coarsekit runs out of the camp into the forest. She looks around for a place to hide and sees a little hole in the ground to hide in. A fox climbs from behind Coarsekit and snaps at her. Coarsekit screams as a fox snaps at her again growling. Stormstar comes running into the forest following the sounds of the screams. Stormstar barrels into the fox angrily. "RUN COARSEKIT!" Shouts Stormstar. Two more foxes appear snapping at his throat and one of them manage to rip his throat out. The foxes than take Stormstar into their hollow and Coarsekit cries. Coarsekit makes it into the hollow saying "We need to leave Mama! Foxes killed Stormstar!" Says Coarsekit upset. "He died?" Says Plumstrike upset. "He is... He got his throat ripped out by foxes. I never should have left the hollow!" Says Coarsekit upset. "Hey. It's ok young one. It isn't your fault. We have to go back to Old Cliffclan's Camp." Said Plumstrike.
